WHO WE ARE ?

Born from India's coconut belt, we've spent years perfecting one thing pure, high quality Coconut Water Powder, made entirely in house at Our own facility. Our own process.

Our own standards.

No traders. No third parties. Just manufacturer direct supply at scale.

BULK SUPPLY

We are a leading manufacturer of Coconut Water Powder with our own spray drying facility and end to end in house production. We supply

From 25kg, 50kg to bulk MT quantities, we deliver consistent quality, competitive pricing, and private label options for B2B buyers across India and globally.

Direct from Manufacturer. Built for Bulk.

QUALITY CONTROL

Each production batch undergoes multi stage quality checks including moisture analysis, microbial testing, and solubility verification. Coconut Water Powder is manufactured under food safe conditions and dispatched only after passing our internal quality standards.

Consistent specs. Every batch. Every time.

CUSTOM FORMULATION

We go beyond standard our Coconut Water Powder is fully customizable to match your product requirements:

Taste Variants :- Natural, Sweet, Salted, or as per your formulation

Texture & Granulation :- Fine Soft Powder to Coarse Crystal, tailored to your application

Application Ready :- Suitable as a Raw Material for further processing or as a Ready-to-Mix product for direct use

Every batch is developed to your exact specification and ready for seamless integration into your product line.

PACKAGING OPTIONS

We offer multiple packaging formats to suit your storage, shipping, and handling needs:

25 kg | Food-Grade LDPE Bag → 7 Ply Export Quality Corrugated Box
